1951 - 2021

**SINGAPORE - 1st June 2023** - Electronics & Engineering Pte Ltd (E&E) and Harman Professional Solutions successfully concluded the highly anticipated AMX Technology Connect Day 2023, held on 5th May 2023 at Harman Experience Centre and Training Room. The event provided an immersive experience for attendees, highlighting the seamless integration of cutting-edge solutions by Harman.

Bringing together prominent systems integrators, the session showcased cutting-edge technology and solutions, seamlessly integrating Harman's innovative products into various applications. Through interactive demos and product showcases of AMX Jetpack, Varia, and N2600 at the Experience Centre, as well as the Precis Switchers and Windowing Processor, DVX-4K all-in-one with Dante, and Yealink Integration at the Training Room, participants gained valuable insights and firsthand experience, fostering collaboration and empowering them to stay at the forefront of industry trends.

Atul Ghaisas, Director, Video & Controls, Harman APAC, expressed enthusiasm about the partnership with E&E, stating, "We are excited to leverage our distribution partnership with E&E for AMX to enhance our support to Singapore integrators. Our products are now more widely available and can be seamlessly integrated into a variety of solutions, resulting in the best possible experience for our customers."

"The positive impact of the first AMX Tech Connect day has been truly inspiring. The event provided an invaluable platform for knowledge sharing and networking, enabling us to forge stronger relationships with our customers and gain valuable insights enabling us to better serve their needs," shared Gerald Chew, Head of Distribution Sales, Electronics & Engineering Pte Ltd.

The successful conclusion of AMX Technology Connect Day 2023 highlights the fruitful collaboration between E&E and Harman, reinforcing their shared commitment to delivering innovative solutions that meet the evolving needs of the industry.
